

CARDIFF

Mix & Match

CARDIFF's British-style in Polished Chrome is transformed into a more handsome version of itself with teardrop handles from the HUMBOLDT series with a rustic Weathered Copper finish.

One Spiffing Tap, Guv'nor

It's the Cardiff Faucet by California Faucets for Smart British Style

(Huntington Beach, CA, December 8, 2006) California Faucets' CARDIFF Series faucet displays royal class. This faucet combines Old World charm with New World style. Classic English design sets the mood whether washing up for afternoon tea and crumpets or after dinner before plopping down in front of the telly.

Made from solid brass and state-of-the-art ceramic disk valves carrying a lifetime guarantee, CARDIFF's tubular low-arc spout is flanked by blade handles with "HOT" and "COLD" labeled white porcelain buttons perched atop a hexagonal base. Adornment is subtle with double-ringed trim encircling the base of the spout and handles. The lift knob rests atop a contoured surface at the rear of the spout.

And like every faucet from California Faucets, the CARDIFF Series mixes and matches with components from any other series. It's called Custom Faucetry™ and it allows you to combine any spout with any handle in any finish to create a design uniquely yours. Instead of the standard CARDIFF spout and handle set in Polished Chrome, for example, substitute HUMBOLDT Series teardrop handles and select the Weathered Copper finish (see photo). Or swap out the spout with the ENCINITAS Series and try it in Satin Nickel. Perhaps combining the CARDIFF spout with VENICE Series handles is a better mate for your taste. No matter what your style, be assured the design possibilities are nearly endless.

CARDIFF series' mix and match options are also complemented by a selection from coordinating shower, tub, accessory, and trim. Add luxury to elegance. Indulge in the thermostatic shower or Roman tub set with CARDIFF.

In an 8" widespread, CARDIFF lists for \$429 in Polished Chrome and \$536 in Polished Brass (PVD). The

CARDIFF widespread lists for \$579 in one of California Faucets' special finishes, such as Espresso Bronze or Weathered Copper. In a premium finish, including 24K Polished Gold or Lifetime Satin Gold (PVD) and Black Nickel (PVD), the widespread lists for \$686. Select finishes feature PVD (Physical Vapor Deposition) for a super-hard, durable surface with a lifetime guarantee against tarnishing.

California Faucets has been manufacturing fine-quality, solid-brass decorative fittings since 1988. Standing apart from rigid, mass-production manufacturers, the company has earned a reputation for complete design flexibility with its customized faucets named after California beach towns. With over 25 styles and more than 34 decorative finishes to select from, California Faucets' design choices now exceed two million. Offerings range from traditional and transitional to contemporary and art deco, enabling each customer to tailor a style to their taste.

California Faucets Custom Faucetry™, accessories, and trim are found in prominent decorative hardware and plumbing showrooms and with select kitchen and bath dealers nationwide. For more information, call 800-822-8855 or visit: www.calfaucets.com

Old World Meets New

Beautiful Cardiff-by-the-Sea, on the coast of Southern California in north San Diego County, dates back as a planned community to the early 1900s. Named after Cardiff, the capital city of the Principality of Wales, Cardiff-by-the-Sea maintains to this day its Welsh roots and Wales' historic ties to England. Westminster Drive, Manchester Avenue and Birmingham Drive are among British-named streets with turquoise-blue Pacific-Ocean views in Cardiff, California.
